Why We Need Your Support

Imagine an 8-year-old being bullied for being homeless and missing school because their clothes are filthy, smell, are ripped, or too small. Maybe their feet are in pain from wearing shoes that are two sizes too small. Unfortunately, this

is the reality for many of our students affected by situational poverty. As of 2018, over 5,600 students are identified as homeless in Duval County, and Palm Beach County has over 4,400 students identified.

Every student deserves to walk around school with dignity, ready to learn. By ensuring that a child's basic needs are met, we help build their confidence and self-worth, giving them an opportunity for an overall better quality of life.
